FREE ZONE

Masdar City, one of the world's most sustainable urban developments, is enabling innovation in sustainability and clean technologies by integrating education, research & development, investment and business opportunities.

Masdar City is a Free Zone and Investment Zone that provides a unique location for multinationals, SMEs and start-ups to prosper in a collaborative environment that connects business, research and knowledge.

Located at the crossroads of the Middle East and Asian markets, and supported by a strong global logistics and transport network, the City offers a complete business set-up solution which includes quick and easy company registration, office leasing, and fast-track visa processing.

Home to over 580 companies and with a wide selection of restaurants and cafés, Masdar City is an attractive community in which people can live, work, learn and play.

As part of its expansion plan, Masdar City aims to grow its tenant base nearly four-fold by 2020, and to expand the net leasable area available within the Free Zone by around a third every year within the same time frame.

Investment and leasing opportunities:
