CHAMPIONING WOMEN AT THE FOREFRONT OF THE GLOBAL NET-ZERO TRANSITION

WiSER hosted a series of events at COP27 to amplify the voices of women and girls during the global climate debate. To further enhance learning opportunities, WiSER also signed a Memorandum of Understanding with Plan International Spain. Under the agreement, the two organizations will pilot pilot programs to accelerate sustainable development by empowering women and girls through education and skills-training around the world.

THE CLASS OF 2022 COMPLETES THE WISER PIONEERS PROGRAM

Now in its fifth year, the WiSER Pioneers Program has supported women from around the world to gain leadership skills through the lens of sustainability. The 2022 course was completed by 26 young women, who covered over 40 hours of educational and skills training workshops and engagements. Collectively, they took part in over 140 hours of one-on-one mentorship sessions.

Impact in Numbers

Pioneers in the Spotlight

Eman Alsuwaidi
Senior Negotiator, Office of the UAE Special Envoy for Climate Change

“Being a senior climate negotiator at COP27 was a rich and unique experience. It was wonderful to work at the heart of negotiations at this great, multilateral, process-driven platform. I was also empowered to be able to contribute to our collective progress and make a difference towards climate change outcomes.”

Hager Abunahwa,
Process Engineer, NPCC

“The global collaborations and dialogues led by the UAE during COP27 reflected the country's leadership in the climate action and energy transition space. On the road ahead to COP28, I look forward to engaging in the various climate action initiatives that the UAE has set in place to achieve a climate resilient future and support global energy security.”
